	Total spent	£10,369.15
	BALANCE	£4,421.85

*£4,500 carried forward March 2018

Evidence against the 5 key indicators:

The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles

- We have a physical activity zone offered to KS2 pupils each lunchtime for 20 minutes.
- In 2018/19, we have committed to using £10,000 of our funding to support our running track project; this track will open- up a space unused in the winter months (school field).

The profile of PE and sport being raised across the school as a tool for whole school improvement

- We applied for the School Sports Mark this year after not applying last year and after achieving the Bronze Mark in 2015/16. We were successful in achieving the Gold Mark this year which has raised the profile of school sport.
- The new School Sport Leader has raised the profile across school by encouraging and supporting 12 members of staff to lead school teams in competitive sport.

Increased confidence, knowledge and skills of all staff in teaching PE and sport

- The team leaders in EYFS and KS1 both received CPD to enhance their knowledge and understanding of the ‘Fundamental Movement Skills’ and this was shared with the other staff in both teams.

Broader experience of a range of sports and activities offered to all pupils

- We have been able to offer many new opportunities to our pupils this year and to a variety of ages. Some of these we have used our School PE & Sport Premium to either subsidise or pay for. The sports and activities include: Rugbytots (year 1/2); Little Yogis (Years 1-4 & 6); Tri-Golf (year 3/4); Cycling (year 5); Hockey (years 4-6); Change 4 Life (we selected identified SEN pupils, year 5/6, who are in receipt of pupil premium funding); Orienteering (year 5/6); Quicksticks (year 5/6); Mini-Tennis (year 3/4).
- We had a total of 30 different teams enter local competitions.
- In 2018/19, we are already able to offer Fencing club to our pupils.

Increased participation in competitive sport

- This year we entered teams for all 17 point scoring competitions which is an increase on the previous two years: in 2015/16 only 4 of 18 competitions were entered and in 2016/17 only 13 of 20 competitions were entered.
- Only 5 of the 63 Preston primary schools (small schools not included although only one entered all competitions) entered all 17 competitions this year of which we were one.
- More than 70 pupils represented our school in competitive sport throughout the year which equates to roughly 25% of the pupils in the school (excluding EYFS as no competitive sport exists).

Next Steps (2018/19)

The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles

- Enhance pupils’ awareness about the dangers of obesity, smoking and other such activities that undermine their health.
- Ensure the new running track is utilised and explore ‘The Daily Mile’.
- Track pupil involvement in clubs and competitive sport; identify pupils not involved and encourage them to do so.
- Continue to provide the widest possible sporting opportunities (Fencing club already booked in diary which is another new opportunity).

Increased confidence, knowledge and skills of all staff in teaching PE and sport

- Develop procedures to assess achievement across the areas of learning within PE.
- Ensure staff lacking in confidence receive relevant CPD.
- Buy into PNE Primary Stars package that includes staff CPD.
