

2019/2020 Autumn Term Home Learning- Year 3/4

Mathematics

- Learning 2s, 3s, 5s (and beyond) times tables, doubles and halves of numbers.
- Learn to tell the time – o'clock, half past, quarter past/to.
- Mathematics – keep up to date with your activities, try and achieve 2 silver certificates this term.

Writing

- Practise your Y3 and 4 words.
- Keep a diary.
- Practise your handwriting, remember to join your letters.
- Create a rhyming poem – you can choose the theme. Write it in your neatest writing.

Reading

- Choose a novel (or a chapter book) to read. At the end of the book, write a book review in your Home Learning book.
- Read to an adult every day.
- Write a blurb for your favourite book.

Geography

- Highlight all the places you have been to in the UK on map.
- Use a compass on a walk and investigate what happens on your route.

Design Technology

- Research mechanical toys. Design a new version.

PE

- Make up a dance or gymnastic routine and teach your friends.
- Find a unique place to balance (keep safe) and ask an adult to take a picture.

Autumn Challenges

Please complete as many activities as you feel you can in the time available. We encourage you to work together as families to do so.

Presentation must be your best!

Check-in date: Thursday, 17th October 2019

Hand in date: Friday, 13th December 2019

Celebration Showcase:

Monday, 16th December 2019

SCIENCE

- Investigate food packaging looking at iron content. Design a meal which would be rich in iron.
- Find 10 examples of forces around your home e.g. pulling the curtains open – create a poster to show your findings.
- Create a model of a skeleton (human or animal).

History

- Create a biography for a member of the royal family.
- Research a battle or other event in Royal history.

RE

- Create a portrait of Mary
- Retell a story from the Bible, this could be a newspaper report or a film clip.
