Part A: Pupil premium strategy plan

Statement of intent

At St Anthony's we believe that we should support each child holistically, so we plan for their development academically, socially, emotionally, and spiritually. When reviewing the funding, decisions have been made to improve life chances for pupils so that they can access all subjects and have opportunities to broaden their knowledge and skills in a nurturing and supportive environment.

Our main aims are:

- To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- To support our children's health and wellbeing to enable them to access learning at an appropriate level.
- To remove barriers to learning so that our children can reach their full potential.
- To provide a broad and balanced curriculum, which develops skills and talents and provides enrichment, as well as cultural capital and is accessible to all.
- Ensuring that our children receive early help in a timely way so that learning is not lost.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Family circumstances: Pupils may have family circumstances that impact negatively upon their learning and ability to take up extra-curricular opportunities. Socio-economic factors such as poverty and poor housing can impact on diet, wellbeing and opportunities. Safeguarding and welfare issues (which may lead to involvement from Children's Social Care) can impact on the whole family. Separation of parents may cause conflict which affects the children emotionally; often leading to behavioural and academic challenges.
2	Social & Emotional barriers: Some children have social and emotional issues resulting in low confidence and self-esteem. This affects learning, friendships, resilience and aspirations for the future. Some parents have their own mental health difficulties, which often brings instability to the family

3	<p>Special Educational Needs & Disabilities:</p> <p>Some children have additional needs which impact on progress and attainment, social interaction, communication and language and physical development. Parents may also have learning needs of their own. Children with additional needs may present behavioural challenges which need to be addressed</p>

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Priority 1	Analysis of reading ability of PP pupils and implementation of strategies to improve reading skills and ability.
Priority 2	Ensure that basic grammar, punctuation and spelling is embedded.
Barriers to learning these priorities address	Ensure staff are providing personalised learning in all areas.
Evidence of impact.	37% of children on the Pupil Premium list (10 out of 27) are working at the 'expected standard' in Reading, Writing and Maths.
